

On Aquel,

I've been in the design and construction industry for 20 years, heard hundreds of vendors talk about their products but I've never heard anyone as knowledgeable and passionate about the quality of water as Dana Harrison. Dana came to our office several years ago and spoke about what Aquel has to offer, we were sold. We purchased two systems for our office and have been enjoying our water ever since. They are easy to use, simply to maintain and have saved us a lot of money compared to the bottled water we were purchasing prior to installing the Aquel systems. Thanks Dana for our wonderful tasting water.

Friendly Regards,
